

# MEET OUR TEAM

## JOEL GONZALES

I grew up right here in Willis, TX and still live here today. My daughter goes to the same schools I did when I was growing up.

I am Co-Owner/Founding Member of TruPro Roofing & Renovations and bring a combined 6 years of experience with home renovations and commercial property maintenance and have experience in many of the skilled trades we are involved in every day. Before getting into this line of work, I spent 10 years as a mechanic serving over-the-road truck drivers, Oil Field machines and equipment, and fleets of various sizes including pick-up trucks and construction equipment. Even owning my own mobile repair business for 3 years before injuries took me out of the field.

Things I find passion in include spending time with my friends, family, and my dogs. Reading and learning new skills, fishing, riding my motorcycle, off-roading, shooting guns, camping, and spending time on Lake Conroe boating and swimming. I also love to cook and entertain!

One of the things I love most about my job is how rewarding it is. I take pride in working with people and being able to turn their idea into a reality. Seeing happy faces on our customers after completing a job fills me with a sense of accomplishment and pride that's almost irreplaceable which is why we go above and beyond to impress our customers.

In high school I was involved in several sports and activities including being in a military style marching band where I played the Tuba. I played football for 10 years growing up and also competed in field events like Shot-Put & Discus and was also involved with powerlifting.

# MEET OUR TEAM

## BRUCE RAJAN

I grew up in Chicago, IL, and have lived in several places in the Midwest before moving down to Texas in 2015. I've been in the construction field for 7 years.

In my free time, I mostly enjoy being active. Some of my favorite activities are, running, playing racket sports and basketball. When I'm not being physically active, I am doing puzzles or spending quality time with my family.

I enjoy coming to work everyday because our team is filled with positive, high energy individuals who are rockstars at making peoples' lives better. As a company, we take pride in our relationships with customers. We understand that construction projects can be an emotional process. We spend time truly understanding our customers wants and needs so we can help build a home they can be proud of!

# MEET OUR TEAM

## DAVID KRISCHKE

Howdy, y'all! I'm David Krischke—a Texan by birth, a Midwesterner by experience, and a Southerner at heart. I was born and raised in the southern suburbs of Houston, Texas, where I spent my early years. Around the age of seven, my family began moving every couple of years, taking me on quite an adventure. My journey went from Houston to Naperville, Illinois, then to North Louisiana, back to Naperville, and then to Houston again. My next few moves were all in the Chicago suburbs and lasted for about 8 years collectively. From there, I moved to Hudson, Wisconsin, spent a few years in Puerto Rico, returned to Hudson for a bit, and, finally, in 2023, made my way back home to Houston. Now, I reside in the Egypt area, happy to have found my way full circle.

I began working with TruPro Roofing and Renovations on 1/1/2024 as a newcomer to the industry. Bruce introduced me to roofing and helped to guide my journey along the path as I navigated the early stages of my career. What started off as a leap into something new and unfamiliar has developed into an intense passion for the work we do. While my time in the industry is shorter, I am approaching my role with singular focus, outstanding mentorship, and a passion filled career in mind. I'm blessed with the opportunity to help homeowners restore their homes and recover from some of the worse things life can throw at them.

I have a deep passion for helping people in meaningful and tangible ways. This wasn't always the case, but over time, I've realized how fulfilling it is to make a positive impact on others' lives. It's a win-win: they benefit from the help, and I feel a profound sense of purpose. In my free time, I enjoy cooking, fishing, hunting, computer gaming, cleaning, playing Dungeons & Dragons, tinkering with remote-control hobbies, spending time outdoors, and hanging out with my cat, Giddian. We go for walks together.

The Lord led me to TruPro Roofing and Renovations, and I couldn't be more grateful. One day, I knocked on Bruce's door, and we instantly connected. Little did I know, that moment would lead to life-changing opportunities for growth and self-improvement. With Bruce and Joel as my mentors at TruPro, I've been able to develop a new craft and discover an industry that brings me fulfillment and allows for passion in my work. Their guidance has shaped me personally and professionally, steering me toward success. They've created an environment focused on constant self-improvement, growth, helping others, and striving for excellence. Working at TruPro is incredibly rewarding because of the company's culture and values. Everyone here shares an innate desire to help others and make a positive difference in the world. This sets us apart in an industry that can often feel riddled with bad actors. At TruPro, we aim to be a force for good, using our skills and talents to improve the lives of our community, and that's something I'm proud to be a part of.

I love wearing straw cowboy hats, and don't watch TV or use social media.

# MEET OUR TEAM

**KAYLA MELGOZA**

I grew up in northern Ca in a small farming town where everyone knew everyone. It grew so quickly, that over the years it made me and my family venture out in search for that same small town feel, which led us here to Willis, Texas.

I have been in office administration/ customer service for over 15 years and have been with this company for a little over a year now. Some would say it can be intimidating to work in a male dominated industry, but I was up for the challenge and have loved it, and enjoy learning something new everyday.

I've always had a passion for helping people, and doing whatever I can to take something difficult off someone's plate. If I wasn't in office administration I feel like I would have finished my degree in psychology.

Organization is also a strong suit of mine, and I enjoy creating a helpful system/flow in a workspace, and feel that's a key component in any company.

I have two kids and they are my everything! When I'm not working, I love spending time with my family and having get together's with friends. I love to curl up to a good book, baking, camping and anything that allows a creative and artistic outlet. I grew up on the water and always love a good boating day. I always like to learn new things and find new hobbies, and love a good adventure! Some of my favorite things I've done was scuba diving, bungee jumping, and one time I went on a door-less helicopter tour!

Before working for Tru Pro, I worked at a veterinary hospital for about 6 years and loved being able to "go to work" to cuddle animals all day.

I am also a total nerd by heart and love a good fantasy/sci fi movie or show!
